Grounds after 3 months of treatment with Greenway Golf Answers

Greenway Golf Answers treatment provides enzymes and food to renew microbial activity, including bacteria and fungi. Microbes help provide a consistent supply of all nutrients, which improves plant health!

“Beneficial bacteria will cut down on the number of pathogens.”¹

“Plant health can improve resistance to stress, disease, and insects.”²

Affordable!
\$2 per 1,000 ft²*

*Typical Application

1,2 Aylward, Jerry. “Give Em What They Want.” *Golfdom*. 1 Apr. 2008. 20 May 2008
