Improve your bottom line!

The Poultry Answer®

The Poultry Answer® is a multiple enzyme nutrient supplement formulated to include a balanced blend of enzymes and water-soluble trace mineral electrolytes. The Poultry Answer® is designed for drinking waters, biddie cup drinkers and nipple drinkers.

Designed for major Broilers, Layers, Pullets, Turkeys, and Ducks.

The Poultry Answer® creates a balanced and beneficial fermentation, increasing availability of:

- Minerals
- Vitamins
- Protein (Amino Acids)
- Starch (Alcohols, Sugars, Organic Acids, Esters)
- Fiber

The Poultry Answer® contains sources of the following enzymes:

- Amylase that may hydrolyze starch
- Lipases that may hydrolyze triglycerides
- Proteases that may hydrolyze protein
- Phytase that may hydrolyze phytate
- Cellulase that may break down cellulose

**The Poultry Answer® is
OMRI listed and safe for use
in all poultry operations.**

The Bio-Compost Answer®

The Bio-Compost Answer® is a natural biochemical product. It is designed to wake-up, energize and stimulate the naturally occurring microorganisms of your environment that assist in the composting process and the remediation of toxic conditions-making it the perfect addition for compost piles, lagoons, and in house composting.

The Bio-Compost Answer® contains a complete system of enzymes for microorganism stimulation. This makes it possible to stimulate microorganisms in aerobic and anaerobic conditions. With the Bio-Compost Answer® you can:

- Improve in-house composting
- Improve odor control
- Protect against Ammonia buildup
- Sanitize foggers and misters
- Reduce sickness and pathogens
- Lower mortality rate
- Eliminate withdraw times
- Experience faster cleanouts - more annual flocks
- Improve composting in lagoons and piles

The Cleaner Answer®

By using the Cleaner Answer® you can maintain sanitary facilities, without the use of toxic chemicals. It is ideal for cleaning nipple drinkers, feedpans, litter, floors and walls.

These products are OMRI listed and safe for use in all poultry operations.
